

## Divisional estimates

Districts have been clubbed into divisions to produce divisional estimates on enrollment, reading, and arithmetic levels for children in the 5-16 age group. The grouping of districts is based on administrative divisions used in the state or on geographical regions.

The first row for each division gives the estimate of the relevant variable. The numbers below the estimate, in the second row, are twice the standard error of the corresponding estimate and represent the 95% confidence interval for the estimate. For instance, in Coastal Andhra division of Andhra Pradesh, in 2024, the proportion of Std III-V children who can read a Std II level text is 27.1%. With 95% probability, the true population proportion lies within 2.5% points of the estimate, i.e., between 24.6% and 29.6%.

### Andhra Pradesh

#### List of districts under each division

<b>Coastal Andhra</b>	Krishna	Nellore	Vizianagaram	<b>Rayalaseema</b>	Kurnool
East Godavari	Prakasam	Srikakulam	West Godavari	Anantapur	Y.S.R.
Guntur	Sri Potti Sriramulu	Visakhapatnam		Chittoor	

Division/ Region	Govt school			Not in school			Learning levels: All schools											
	% Children (aged 6-14) enrolled in govt school			% Children (aged 6-14) not enrolled in school			Std III-V						Std VI-VIII					
							% Children who can read Std II level text			% Children who can do at least subtraction			% Children who can read Std II level text			% Children who can do division
